

Bible Study Renewal

This graph shows the increase in Bible study participation in a WELS congregation which received consulting assistance twice from WELS Parish Assistance and more recently from Crossroads. The congregation's ministry leaders prioritized adult spiritual growth during each of the planning cycles and took a strategic approach to increasing Bible study participation. Clearly, the Lord blessed their efforts!

Praise God, from whom all blessings flow!

For additional information on how the Lord may bless congregations which receive consulting assistance, read through the [Frequently Asked Questions](#) document.
